

Wednesday, August 5, 2020

Dear Parent(s) and Guardian(s):

I have several District reopening updates that I want to share with the community:

- On Monday, August 3, 2020, the District held three District Reopening Community Forums. I've included a link to the forums' recordings for parents who could not attend. The forums were well attended, and across the three sessions, there were approximately 1000 attendees.

Link to [District Reopening Forums](#)

- I've included a link to the latest version of the [District Reopening Plan \(08_05_2020\)](#) for families review.
- The District has developed a [DRAFT District Reopening Frequently Asked Questions](#) (FAQ) document for families. The FAQ comprises questions asked at last week's Combined School Committee Meeting, the Reopening Community Forums, and inquiries submitted to the District via emails. The FAQ will be incorporated into a District Reopening Website, which will be launched shortly.

I will provide additional District reopening information this Friday, August 7, 2020. In the meantime, please reach out if you have any questions.

Respectfully,

Gregory L. Martineau
Superintendent of Schools
