

Welcome To Our School Community (Northborough Residents Only)

This is Important information for parents new to our community and enrolling students in grades K-5. We look forward to enrolling your child(ren) in the Northborough Public School District. Your residential address generally determines the neighborhood school your child(ren) will be attending. However, Northborough School Committee's [Class Size Policy I-240](#) provides guidance for our District to redistrict students whenever class sizes in a grade level at a particular school are reaching recommended capacity.

To assist in the enrollment process, all enrollments from June 17, 2020, through Friday, September 4, 2020, will be processed through the Office of the Superintendent. Please contact Nancy Bissett at 508-486-5115 X71241 or via email at nbissett@nsboro.k12.ma.us or Jean Pinto at 505-486-5115 X71252 or via email at jpinto@nsboro.k12.ma.us for information on the enrollment process.

We look forward to working with you to provide the highest and most responsive level of support as your family transitions to its new home. Northborough PreK-5 school offices are closed during the summer and updating your child(ren)'s enrollment as soon as possible offers the most opportunity to support you in your move. If you are enrolling your child(ren) at Melican Middle School or Algonquin Regional High School, the school offices are open to assist you. Please contact them directly to confirm the summer hours and availability.

If your child(ren) will no longer be enrolled in Northborough PreK-5, please contact Nancy Bissett or Jean Pinto immediately. We are here to assist with the transfer.

Respectfully,

Gregory L. Martineau
Superintendent of Schools
