

CHILD FIND

The Northborough and Southborough Public Schools wish to identify all Northborough and Southborough students with special needs, ages three years to twenty-one years, who are in need of special educational services, and who have not graduated from high school. This would include any student enrolled in public or private schools in Northborough and Southborough. Also, the district wants to identify any students that may currently be homeless, and therefore have certain educational rights under the McKinney-Vento Homeless Education Assistance Act.

If you can identify a child with special needs or a child without a permanent home who is not receiving educational services, would you please have the parents or any interested persons contact:

Marie Alan
Director of Special Education
